INCOMPLETE SEARCH
SHEET C

Application Number
EP 04 75 9191

Claim(s) searched completely:
3-10,24

Claim(s) searched incompletely:
1,2,11-23,25-30

Claim(s) not searched:
-

Reason for the limitation of the search:

The present claims 1,2,11-23,25-30 relate to an extremely large number of possible compounds/methods. Support and disclosure in the sense of Article 84 and 83 EPC is to be found however for only a very small proportion of the compounds/methods claimed, see examples 1-477. The non-compliance with the substantive provisions is to such an extent, that a meaningful search of the whole claimed subject-matter of the claim could not be carried out (Rule 63 EPC and Guidelines B-VIII, 3). The extent of the search was consequently limited.

The search of claims 1,2,11-23,25-30 was restricted to those claimed compounds/methods which appear to be supported and a generalisation of their structural formulae I, wherein the compounds are according to one of the formulas drawn on claim 4, was taken into consideration.
